This Is The Claim Made Against The Chapple Bill In Legislature Relative To Taxing Ore Docks.

MIGHT DESTROY AD VALOREM TAX

Debate In The State Senate Was Very Heated---Platteville School To Be Benefitted By The Appropriation Passed.

[SPECIAL TO THE GAZETTE.] Madison, Wis., May 28.—Considerable action was taken in the state senate this afternoon when the question of taxing ore docks and other railroad property of similar nature, locally, rather than for state purposes.

The Chapple bill, which makes radical changes in the present ad valorem taxation system of the state, giving consideration of the property now taxed as railroad property for the state to cities is located in.

EXCISE MEASURE WILL BE KILLED

WHEN IT COMES UP FOR PAS-SAGE BY SENATE.

ENGROSSED BY ASSEMBLY

It Provides for Commission of Five to Have Absolute Power to Revoke or Suspend Liquor Licenses.

[SPECIAL TO THE GAZETTE.] Madison, Wis., May 28.—Though the Anti-Oleum commission bill was ordered engrossed in the assembly last night by a vote of 55 to 23, it is predicted by those who claim to have made a canvass that the bill will not get ten yeas in the senate.

The bill as engrossed provides for a commission of five members appointed by the governor for regular terms of ten years to revoke or suspend all liquor licenses upon complaint and report of the commission and to supervise the liquor traffic in general. The licensees may be revoked for selling to minors, permitting the presence of minors under 18 years of age upon the premises, permitting gambling, or violating city or county orders.

After a number of amendments had been disposed of Assemblyman Stevens moved the indefinite postponement of the bill. It failed by a vote of 55 to 23. The roll call was:

For indefinite postponement—Atwood, Buellett, Crowell, Curtis, Davis, Hambrecht, Hamill, Hoyt, Hull, Ingalls, Knappe, Kay, Kibbitt, Knut, McConnell, Stevenson, Onstad, Roethlis, Scott, Stevens, Wells, and Whitte—23.

Against postponement—Barford, Barnett, Berner, Bradford, Brown, Bruckner, Busacker, B. A. Cady, Chmielewski, Clancy, Comstock, Cully, Donahoe, Fowler, Gerner, Estabrook, Farnell, Jones, Kempt, Keyes, Harms, Kneen, Kibbitt, Laycock, Lantz, Lelley, Lough, Marmann, McNeil, Nelson, Phillips, Pickett, Ramsey, Rander, Reynolds, Schmidt, Schwabacher, Shaw, Frank Smith, Shuman, Smith, Stuck, Stewart, Towers, Towne, Twame, Viehman, Weber, Wehrwein, Mollensgaard, Speaker—65.

Patrol: For indefinite postponement—Kemp, Ingram, Chapple, Claborn, Johnson, Against postponement—Rollman, Lelley, Kibbitt, Thomas, Egan.

Assemblyman Hull opened the debate against the bill by introducing an amendment retaining the commission on the present law license for cause. He agreed with the supreme court decision in the Northern case in Madison that common councils and town boards should be clothed with this power of revoking licenses for selling liquor to minors or similar offenses. Assemblyman Chapple said the bill would take the bill out of politics. The roll call was: The bill was defeated 45 to 26. Other amendments defeated were to give the senate power to confirm the five commissioners appointed by the governor; for three instead of five commissioners and to turn over to the county treasurer 40 per cent of the license fee collected by localities within the county. An amendment was adopted levying a three per cent tax upon the amount of the local license to be paid into the state treasury for the support and maintenance of the commission. Assemblyman Wheeler introduced this amendment and spoke for its passage. At the conclusion of the debate Assemblyman

ASSEMBLY RETIRED BODENSTAB'S BILL

Milwaukee Charter Convention Bill Postponed—Other Important Bills Passed Upon.

[SPECIAL TO THE GAZETTE.] Madison, Wis., May 28.—One of the important Milwaukee charter convention bills was put into permanent form last night in the assembly by being indefinitely postponed by a vote of 51 to 28. This was the measure introduced by Senator Bodenstab, which limited the expenditure of all candidates in municipal campaigns to \$10 and provided for the publication of a municipal pamphlet which would contain the pictures of all candidates.

The assembly also indefinitely postponed Senator Bodenstab's bill for the maintenance of the state mining school which has been started at Platteville.

The Wisconsin industrial school for girls was given a maintenance appropriation of \$12,000 and \$2,000 for propagation of the school for repairs while a bill to appropriate \$10,000 for the Wisconsin workshop for the blind was also advanced.

The university bill in its committee form was ordered for engrossment without comment. It was expected that an attempt would be made to amend the bill to increase the appropriation for the university extension work from \$50,000 next year and \$75,000 in 1911 to \$100,000, but no amendment of this character appeared on the floor.

The university appropriation bill carried with it appropriations amounting to over \$1,200,000 annually for the maintenance of the university. The maintenance fund is to equal the proceeds of a two-cent tax of a mill tax and will amount to \$750,000, the remainder of the appropriation being for buildings and equipment funds. This bill is third reading. The measure has already passed the senate.

The Bickler bill, for the licensing of automobiles, after being postponed, after a debate in which several of the members from the farming districts showed a decided antipathy towards automobiles.

The Kibbitt bill, permitting the Milwaukee county board to increase the salaries of the registers of probate and the clerks in the probate courts of that county, was advanced to engrossment.

HARVARD GRADUATES COLLEGE ATHLETES IN THE QUEEN CITY

Lusty Former Collegians To the Number of A Thousand Gather in Cincinnati.

[SPECIAL TO THE GAZETTE.] Cincinnati, O., May 28.—Hundreds of the prowess of their college and class years, nearly one thousand Harvard graduates flocked here today for the thirtieth annual meeting of the Harvard Athletic Club. The gathering is the largest and most representative in the history of the organization, the unusually large attendance being due to the fact that Dr. Charles W. Eliot, who has just retired from the presidency of Harvard, and his successor, Prof. A. Lawrence Lowell, are both here as the honored guests of the convention.

The delegates got together at the Hotel Shinton this morning for the initial session, which was presided over by Robert J. Cary, '90, of Chicago. Reports for the year occupied the greater part of the session. This afternoon the delegates reassembled and engaged in the discussion of current questions relative to university affairs. The advisability of requiring a degree for admission to the graduate schools of medicine, law, divinity, applied science and business administration was one of the chief subjects considered. University athletics is slated for discussion at the evening session and in view of Dr. Eliot's well known antipathy to athletics it is considered highly probable that he will have something important to say on the subject. The convention will conclude its business with the election of officers tomorrow morning.

COLLEGE ATHLETES IN BOSTON AT MEET

Aggregation Contesting For Next Two Days in Harvard Stadium.

[SPECIAL TO THE GAZETTE.] Boston, Mass., May 28.—Seldom in the history of the Harvard Athletic Club has there been such a wealth of runners, jumpers, and weight lifters of the highest grade gathered today for the annual two days' meet in the Harvard stadium, nor has the outcome of the contest ever been more doubtful. The meet promises to be one of the most successful of the whole inter-collegiate series, though it is expected that the record-breaking performance will be as numerous as in the past two years ago, when six new records were established out of the thirteen events contested.

Today was elimination day, with trials in all of the events except the mile and two-mile runs. A certain number are to qualify in each event, and the finals, together with the long distance runs, will be held tomorrow.

FINISHING TOUCHES AT BIG EXPOSITION

Grounds Of Alaska-Yukon-Pacific Exposition Closed Today For Visitors To Complete Work.

[SPECIAL TO THE GAZETTE.] Seattle, Wash., May 28.—The grounds of the Alaska-Yukon-Pacific Exposition were closed to visitors today and will remain closed until the official opening of the big fair next Tuesday. This step was decided upon by the management to give the workmen a chance to go about their work unhindered by the crowds, which have been steadily growing since the exposition opened for completion.

A month ago the unknown visitor might have viewed the seeming chaos with dubious thoughts as to the ability of the exposition management to finish the physical part of the exposition on time. But within the past few weeks the truth of the matter has become apparent. Today an enormous force of workmen, representing every craft, is working like beavers but with steady and well directed purpose to the end of making the exposition present a completed appearance by tomorrow night. And from all indications their efforts will be crowned with success. Tons of debris are disappearing like magic, fairly-like structures have suddenly appeared from behind the maze of scaffolding with which they have been surrounded, paved roadways and walks and flowering beds greet the eye in every direction, and flags and banners are being hung to the breeze to complete the picture upon which tens of thousands of visitors from far and near are expected to gaze during the coming summer. By the first of the week next a workman will be in sight engaged in the task of clearing and shaping up. The work will have been done.

Many visitors are already in the city and every train brings more. From the present indications the hotels will be taxed to their fullest capacity on the opening day, but 10,000 rooms in private homes are ready to accommodate the overflow. Excursions will be run from all points within a radius of several hundred miles, while the people of Seattle and its suburbs will naturally turn out in full force for the dedication of the big show. Foremost among the notable visitors will be the governors, who are expected to come from Oregon, Washington, Idaho, Utah and possibly one or two states.

Seattle intends to have nothing but the best and most interesting of the show and will contribute to the pleasure of visitors who will attend the exposition. The street railways have doubled their facilities in anticipation of the increased traffic, and the assertion is made by the management that the several lines connecting the exposition grounds with the business section of the city will be found fully adequate to handle the crowds. Hotels and restaurants have co-operated in the movement to prevent extortionate prices. The city authorities are doing their share toward looking after the entertainment and protection of visitors and the business men generally have contributed liberally in the work of decorating the city and in the erection of handsome "Welcome" arches to greet the visitor upon his arrival in the city.

JUDGE SHOOT A MAD DOG.

Peoria Jurist Saves His Child from Rabid Canine's Attack.

Peoria, Ill., May 23.—A child grasping a nearby shotgun, Probate Judge O. O. Engleton, in his home, shot and killed a mad dog just as it jumped at the throat of his daughter, Marion, aged 13.

The shot was just in time to save the girl as an examination revealed marks of the dog's teeth on the upper lip of the girl. The dog had come into the house through an open doorway after it had bitten several dogs in the neighborhood.

ARMY WORKERS OF ROCKFORD COMING

Members of Salvation Army Corps of Forest City Will Conduct Services Here.

There will be two special meetings at the Salvation Army hall, 8 East Milwaukee street, Saturday and Sunday evening, May 26th and 27th, at eight o'clock. Dr. and Mrs. Shaw of Rockford, Ill., assisted by Mr. Andrews will give a special service in song and music. They are both good musicians and beautiful singers and nobody should miss the opportunity of hearing them. The subject for Sunday evening is "A Sudden Gift." Everybody is invited to come.

FREEPORT-MADISON INTERURBAN PLANS

Twenty Illinois Boosters For Project Arrived Here Last Night. Home-ward Bound Meeting.

Members of the Freeport Business Men's association and public spirited residents of several smaller towns north of that city, numbering twenty in all and including Landford, Sun Prairie, of the Brewster hotel, arrived here at 4:45 last evening home-ward bound from Freeport, where an enthusiastic demonstration in favor of an interurban line from Freeport to Madison, via Freeport, was held yesterday afternoon. The projected line is called "The Wisconsin & Illinois" and will run via Freeport. Before their departure on the 5:15 southbound interurban car the visitors, in conversation with a number of Janesville people, expressed their confidence that the undertaking is a "go" and that things will be humming before another summer rolls around.

"WETS" GET TWO CLOSE ONE.

Indiana Option Elections in Laporte, Floyd and Harrison Counties.

Indianapolis, Ind., May 23.—Laporte and Floyd counties voted "wet" and Harrison county voted "dry" in local option elections. The victory of the "wets" in Laporte county where the contest has been bitter was overwhelming. Early returns indicate that the "wet" majority was about 4,395. Floyd county voted "wet" by a majority of about 2,000. The "dry" majority in Harrison county is 169 (unofficial).

Both Michigan City and Laporte gave the "wets" a large majority. Eleven precincts of the former city showed a "wet" majority of 2,951, and the city of Laporte voted "wet" by 1,184. The election in Laporte county was comparatively free from disorder. Mayor Lemuel Darrow of Laporte, who has been active in the cause of the "wets," addressed a crowd in front of the "wet" headquarters. He urged that there be no demonstration, declaring that a demonstration would only add to the bitterness which exists between the "wet" and "dry" factions.

NEW BUILDING HAS BEEN PLANNED FOR

George S. Parker And W. F. Palmer May Erect Building on South Bluff Street This Summer.

Plans have been drawn in Madison by Claude and Stark, for a large two-story building which George S. Parker and W. F. Palmer have in contemplation of constructing on their property on South Bluff street between Milwaukee and Court streets this summer. The building, if built, will include a large garage on the first floor and in the basement a Turkish bath-room. The second story would be devoted to a local establishment which is contemplating moving from its present location. Thus far the project has been merely talked over but a gentleman who conducts a large Turkish bath parlor in Chicago has been here to look over the city with a view to locating, and others are seeking the same opening. Mr. Parker said that the tenant for the garage was considering the proposition and that the deal might be closed in a few days. The building, if constructed, would be of white brick and be a very handsome addition to the business section of the city. It would be modern throughout and trimmed with a suitable stone capping. The cost of construction has not as yet been estimated but would cost considerably over ten thousand dollars.

SOCIETY STARTED TWENTY YEARS AGO

Members Of Orfordville Epworth League Society Celebrated Anniversary Sunday.

[Special to the Gazette.]
Orfordville, May 23.—The Epworth League twelfth anniversary service which was very interesting was held at the M. E. church on last Sunday evening, conducted by Mrs. Thylke. The church was beautifully decorated and a fine program which consisted mostly in songs, was rendered; also the officers of the league were installed as follows: Pres., Mrs. Fred Cole; 1st Vice Pres., Miss Ida Taylor; 2d Vice Pres., Miss Ida Winslow; 3d Vice Pres., Miss Jessie Kelley; 4th Vice Pres., Mrs. W. Jones; secretary, Miss Bessie Whislow; Treas., L. B. Barnum; organist, Mrs. W. Jones.

Certainly we ought to feel proud of the work the pupils are doing in the village school. The seven students who wrote for diplomas all passed with Frank Greenwald's name standing at the head of the list of the fifty who wrote.

Carl Clementson of this village and Miss Ason Margaret Kravick of Cambridge, Wis., were united in marriage at the home of the bride's parents on Wednesday. Mr. Clementson is a member of the firm of Clementson & Sons. They will move in the house he purchased of G. Peterson.

Otto Knudsen, who had his leg broken several months ago, sustained a similar accident last Sunday afternoon as he was driving by J. F. Dickey's. He turned out to let two men go by on motor cycles. Clayton Dickey got into the rig with him and they started on, but when they got on the narrow gauge the men on motor cycles stopped. Dickey halted to them to go ahead, but they did not start. When the boys were within a few feet of them one started. It scared the horse and he pulled off over the embankment. Dickey saved himself by jumping, but Knudsen broke his leg in two places as he struck the ground. No damage was done to the horse or buggy.

The fine rain on Wednesday was greatly appreciated by the farmers.

J. L. Hammett is building a cement walk for L. E. Barnum.

G. J. Leonard has a new cement mixer. He is now putting in a walk for Chas. Shaffer.

Mrs. Minnie Harper was in the village on Wednesday.

Miss Ethel Compton, who has been sick for the past four weeks, returned to her duties at the postoffice on Monday.

H. C. Eldahl moved to the village last week in Lewis Fossum's house, formerly owned by K. C. Roslund. His son, Oscar, who was recently married to Miss Ida Everson, will remain on the farm.

Mrs. Blanche Brooks of Seattle, Washington, is visiting her grandparents, Mr. and Mrs. D. E. Davis.

A. G. Heyerdahl has bought out Chas. Muston's meat market.

G. W. Myers moved on Thursday from B. S. Haugen's house in N. S. Wright's house, formerly owned by Ed Wendt.

Mr. and Mrs. Richard Egan, who have been living at Antigo for the past few years, have returned to the village. They are now making their home with Mrs. Egan's mother, Mrs. A. Smith. Some people think there is no place like Orfordville.

Mrs. Stale Luman, who has been sick with scarlet fever for several weeks at the home of her parents, Mr. and Mrs. H. C. Taylor, has completely recovered.

OBITUARY.

Cornelius McGinley.

The funeral of the late Cornelius McGinley will be held tomorrow morning at nine o'clock from St. Mary's church.

At three o'clock this afternoon from the late home, 1218 Milton avenue, the last and services for William H. Bonesteel were held. The services were conducted by Rev. R. C. Donahue. The house was crowded with friends and relatives who had come to pay their respects to this highly-respected citizen. There were many beautiful floral designs and sprays, which evidenced the high esteem in which the deceased was held. The remains were laid at rest in Oak Hill cemetery, Will Hyster, H. W. Lee, A. Anderson, B. C. Burdham, H. F. Miles and Charles Curtis acting as pallbearers.

SOUTH HARMONY, May 27.—The earthquake shock was felt by many in this locality Wednesday morning at 8:40.

Charles Dedrick of this place claims he saw an eagle soaring about his farm Wednesday evening of this week.

The Harmony Giants will cross bats with the Emerald Grove baseball club next Sunday at Jones' park.

GOES TO EVERETT, WASH. THE FIRST OF COMING WEEK

Frank Fifeild May Engage in Business in the Western City Later On.

Mr. Frank Fifeild leaves the first of the coming week for Everett, Wash., with prospects of entering business with a view of making it his future home. He recently returned from a western trip at which time he visited many of the cities in Washington and Oregon. While his plans are not yet definite it is probable that should he decide to remain in the west his family will join him there later in the summer.

LIGHTNING-HAD STRUCK "MURWIN FARM BUILDINGS THREE TIMES IN A YEAR

Old Adage Disproved by Persistent Partiality of Bolts for Place Near Indian Ford.

On the Janes Murwin farm, located eight miles north of this city and two miles from Indian Ford, lightning struck one barn on April 29 and another day before yesterday. Less than a year ago the farmhouse was also damaged by a bolt, according to a letter received at the office of Carter & Morse from Adelbert Murwin, who, with his sister Orestia, has been living on the place since their father's death. The farm is not located on high ground and there seems to be no satisfactory explanation of these persistent attentions from the heavens.

CHICAGO HOMING PIGEONS WILL BE RELEASED HERE AT NOON ON SATURDAY

C. & N. W. Station Agent Alva Hemmens Has Received a Dozen Belonging to F. W. Brockbank.

At twelve o'clock on Saturday, C. & N. W. Agent Alva Hemmens will release a flock of twelve carrier pigeons belonging to F. W. Brockbank and shipped here from Chicago. The birds are being worked towards Minneapolis and will be next set free at Barnum and Eau Claire. Some weeks ago Mr. Hemmens released some homers belonging to the same party on their first trial flight and despite the fact that they were somewhat confused and went north at the outset, the entire number reached their Chicago home within four hours' time.

MICHIGAN FORESTS AFIRE.

Dalton Partially Burned and Much Lumber Is Destroyed.

Negaunee, Mich., May 23.—Forest fires started by a spark from a railroad engine destroyed a large part of the village of Dalton, 25 miles from here, together with 3,000,000 feet of lumber and a big mill. The loss is estimated at \$50,000.

Flames are reported raging along the Munising and South Shore roads. The Michigan camp on the Shore line is reported burning. This camp is situated in a hardwood district. Telegraph and telephone service has been interrupted, but big fires are reported near Sildown and along the north shore. Great distress exists among the settlers.

Allen W. Bents of Clinton, Iowa, a son of Orrin W. Bents, a former resident, was in the city this afternoon for a short visit. He went to Pontiac to see friends.

Dr. C. G. Dwight left this afternoon for a week-end fishing trip to Dwiglit Villa, Gun Lake, Michigan, after black bass.

Dr. Robert Menzies, who has studied in Vienna, Austria, for a year, is home for over Sunday visiting his parents, Mr. and Mrs. James Menzies. Also visiting at the same home are Mrs. Orlin and daughter of Madison and Mrs. William Saunders and daughter of Chicago. Dr. Menzies is going to locate in Chicago.

Mrs. William M. Webb of Rockford is visiting her sister, Miss Jennie Burke, for a few days.

TWO WAGONS STALLED IN ROAD WHICH CAVED DOWN

One of Fied's drays and a heavy springing wagon were stalled this morning when the Milwaukee road at the corner of Milwaukee avenue and Central street caved in under the wheels. The heavy rains of the past few days have formed a tunnel from the railroad crossing to the opposite corner leaving but a thin shell of earth which immediately gave way when a heavy load passed over it. The street commissioner had two men at work at ten o'clock this morning filling up the gully.

SENATOR BAILEY CHOKES NEWSPAPER REPORTER

Texas Gets Throat Hold After New York Times Man Wields Umbrella.

Washington, May 28.—Stung by criticisms of his attitude on an income tax and questions of his sincerity, Joseph W. Bailey, senator from Texas, exchanged blows with W. H. Manning, a correspondent of the New York Times in a corridor of the capitol. Neither of the participants was injured, as they were separated by Senator Clapp, Porto Rican Commissioner Larrington, several senate employees and newspaper correspondents. The versions of Mr. Bailey and Mr. Manning are in substantial agreement as to the cause of the trouble, and differ only as to the number of blows struck by each.

A bitter attack upon the author of an article in the New York Times, charging that Senator Bailey had played into the hands of Senator Aldrich by his course in demanding an immediate vote on the income tax amendment, and had thus caused a split of the forces supporting such an amendment, was made by Mr. Bailey on the floor of the senate. Mr. Manning accosted Mr. Bailey after the adjournment of the session to inform him that he was inaccurate in suggesting Republican senators as a possible source of inspiration for the article.

Mr. Bailey asked who wrote the article and at the same time declared, it is said, that the man who had written it was a "liar."

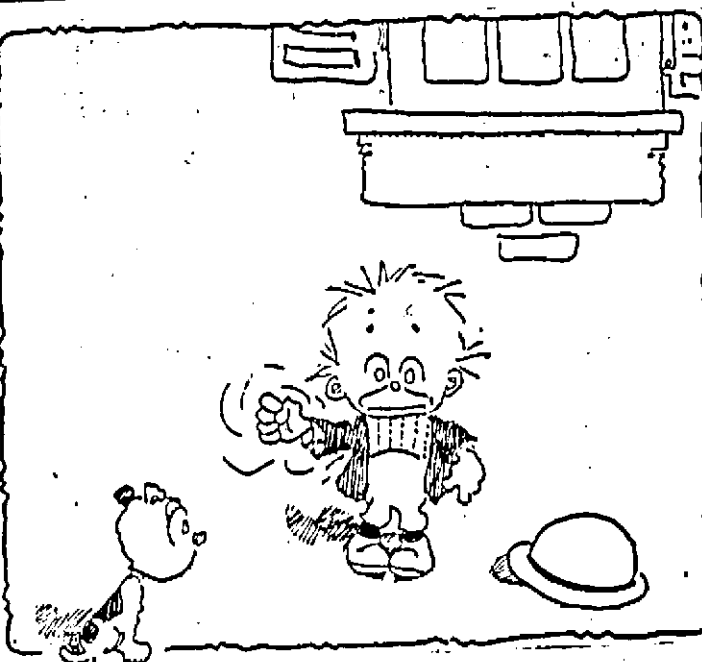

Several persons heard the word "liar" proclaimed in a loud voice and then saw Mr. Bailey and Mr. Manning clinch. The latter claims Mr. Bailey hit him first. In the mix-up Mr. Manning struck the senator with his umbrella, knocking off the senator's hat, and the senator grabbed Mr. Manning by the throat.

Then came the penmenckers.

Claims to Be a "Bandit."
Sandusky, O., May 28.—Harry Robinson, claiming to have been identified with the Jesse James gang and that he is wanted in Chicago for bank robbery and burglary, surrendered himself here to Sheriff Renter. Robinson gave the sheriff no details of his crimes.

Ex-Missouri Governor Stricken.
Kansas City, Mo., May 28.—Thomas T. Crittenden, former governor of Missouri and father of Mayor Crittenden of Kansas City, suffered a stroke of apoplexy while watching a baseball game at Association park. He is in a critical condition.

Car Strike Seems Certain.
Evansville, Ind., May 28.—A strike of the local street railway motormen and conductors seemed inevitable this morning. The men are aroused by the importation of strike breakers.

TIED OF REVISION?

"If it were not for other circum-

stances and conditions, the demand

on the part of the business community

throughout the country that tariff re-

vision be brought to an early close

might justly be regarded as an evi-

dence of the inability of public opin-

ion to thresh out patiently as vast a

question as that of the revision of its

import duties," says the Wall Street

Journal. "The tariff is the greatest

price-making factor in the whole

business structure of the country. On

account of its fundamental relations

to every kind of welfare one might

naturally suppose that self-interest

would indicate the desirability of hav-

ing the thing thoroughly done in ac-

cordance with the permanent well-be-

ing of all concerned.

"But public opinion is not so much

impacted as hopeless on this ques-

tion. There is no doubt as to the un-

developed and unevenly matured con-

dition of economic opinion reflected in

the crucibles of debate in the United

States senate. Geographically as well

as industrially there is a degree of

one-sidedness which make it now al-

most impossible to bring to a com-

mon viewpoint the divergent phases

of business. But much more effective

in hastening the end of the current

discussion is the underlying conviction

that the revolving powers in con-

trol are not disposed to treat the sub-

ject with any complacent regard

based upon all adequate knowledge

of its details.

"Revision as now going on is a

struggle to see how little can really

be done. The country has about made

up its mind that under existing meth-

ods and conditions it is useless to ex-

pect anything so satisfactory as it

had a right to look for when the Chi-

cago platform pronounced in favor of

it. The time is not yet ripe for na-

tional tariff revision. What the coun-

try will get is simply a new edition

of an old tariff revised mainly by in-

terests represented within a geograph-

ical area lying north of the Potomac

and east of Cleveland. Enough con-

cession will be made to representation

outside of this area to secure the

safe passage of the act. For some-

thing better we must probably wait

until the south and west become

so inferior in quality that it is not

worth the expense of handling.

The crusher plant has always been

of doubtful value. It is an expensive

outfit to run, and the output when

ready to deliver costs as much or

more than a better quality of crushed

stone shipped in.

The Devil's lake quarries are easy

of access and no better material can

be found anywhere. This stone can

be delivered in the heart of the city,

saying a haul of at least two miles.

The taxpayers would be money

ahead to abandon the crusher plant,

unless it can be converted and used

to crush gravel for a top dressing.

When the government engineer was

here, two years ago, he said that

Janesville was fortunate in having a

supply of gravel and that when

crushed and prepared for use it had

no rival.

The city has wasted a good deal of

money on the streets, and has but

little to show for it. Good material

and intelligent work is needed, and

any reform which the council may

make, will be appreciated.

Government by commission is gain-

ing in popularity because it repre-

sents a concrete organization, making

possible the adoption and use of busi-

ness methods. The assembly yester-

day passed a bill creating a state

board to be known as the "Revocation

Licenses Board" and if the senate con-

curs the responsibility of revoking

licenses will no longer rest with the

common council. Complaints will be

filed with the board and investigation

will follow. The measure is a good

one and will stimulate the observance

of law and order.

In 1882 Wisconsin produced 23,000,

000 bushels of wheat, while the crop

last year was less than 5,000,000

bushels. Yet a few farmer legislators

are attempting to foist on the taxpay-

ers of the state a blinding-whole plant

which will cost when completed close

to a million dollars, give employment

to 90 convicts and save the average

year of twice about 50 cents a year.

That's class legislation, but the class

is too small to warrant the outlay.

Too much theoretical political econ-

omy broke up the Patten home in

Philadelphia. Dr. Patten, the well-

known authority on political economy

at the University of Pennsylvania,

contended that his wife should contrib-

ute to the larder, as a bread-winner.

Mrs. Patten said that while the theory

was alright she reserved the right

to use her own judgment as to the

nature of the contribution, hence the

disagreement and divorce.

The legislature can employ its time

to better advantage than by advocat-

ing an 8-hour day for state em-

ployees. Men are more concerned to

play about work than they are about

the length of a workday. The death

knell to ambition is limited production

and short hours. No government,

either state or national, can afford to

advocate the futility.

New York city consumes 20,000 bar-

rels of flour every day and has only

128,000 barrels on hand, as compared

with 900,000 barrels a year ago. Mil-

lars refuse to buy wheat at present

speculative prices, and a flour famine

may result.

State aid for good roads is likely

to go over to the extra session. It

might better be pigeon-holed indefi-

nitely, unless a more liberal policy

is adopted.

The Erie road, since Harriman

gained control, has changed a deficit

of \$11,000,000 to a surplus of \$2,500,

000 in ten months, and yet Harriman

is said to be a railroad wrecker.

The State Fair association has

fared well at the hands of the legis-

lature, securing \$170,000 for addition-

al land and improvements.

Madison county, Indiana, voted out

107 counties last Tuesday. Only six

counties remain in the state.

Governor Davidson is entitled to a

board of control in sympathy with

him. Why don't he have it?

Chicago is rejoicing over the fact

that California no longer has a corner

on earthquakes.

We only know they fought and died,
 and o'er their graves the wind has

sighed, for many a long, slow-footed

year; and winter's snow has drifted

down, and in the dawn's warm

spring the joyous birds came here

to sing; we only know that rest is

sweet to weary hearts and tolling feet

and they who sleep beneath the sod

gave all they had to give to God, and

in the roll-call of the "Throne," their

names are known—their names are

known! We know not from what

homes they came; we can but guess

their dreams of fame; but lamps for

them did vainly burn; and mothers

waited their return, and listened, at

some cottage door, for steps that

sounded never more; and loving eyes

grew dim with tears, and hearts grew

old with grief of years. And here

they sleep, as they have slept, since

legions o'er the country swept; where

mothers wait before the "Throne,"

their names are known—their names

are known!

HOW TO BE HAPPY THROUGH MARRIAGE

Professor F. H. Blackmore of the
 University of Kansas proposes the in-
 troduction into the schools of a "course

whenever a guffaw goes up.

But is it really "to laugh?"

Surely there is great need of educa-

tion concerning marriage.

Surely a better understanding of its

meaning would prevent much marital

misery and many divorces.

That is to say—

A boy and a girl "fall in love" with

each other. They have been told that

love will resolve all things into fac-

tors of married happiness. Therefore

the happy-go-lucky plunge!

But—

Does the average boy and girl know

what love really is? Much that passes

under the name is the mere froth of

sentimentality that will quickly pass

away, or it may be mere animal pas-

sion—not love, but lust.

Could not young persons be delicate-

ly and shapely taught the difference?

They could be shown that love is de-

votion; that it spells self sacrifice; that

it is kind and long suffering; that it

thinks no evil; that it knows naught

that is unseemly; that it hopes all

things, endures all things; that it up-

braids not; that it abides forever.

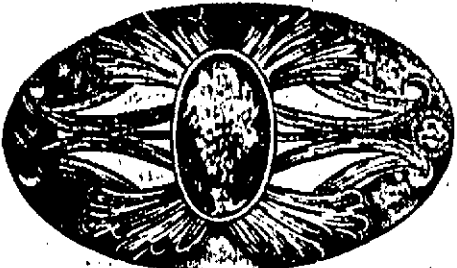

After such an understanding of real

affection they could be taught that—

Marriage means equality.

That it requires understanding and

sympathy, which are more than equal-

greatest interest in the approaching expedition.
"Seven miles is the greatest height that has ever been attained by human beings," Mr. Stevens explained. "This was done by Cookwell and Glazier. They nearly died, too. It was said that the numbness and paralysis overcame them almost in the time of one heart beat. As for myself, I have never been up higher than a few miles."
"Did I feel it?" Mr. Stevens repeated. "Well, scarcely at all. You see I am pretty strong—good firm heart action and all that, and besides I never wait until I feel myself actually weakening before I get a reinforcement of oxygen. After a certain height I take a little every now and then, anyway."
"As far as I am concerned," Mr. Stevens continued, reverting to the Mars experiments, "I know little or nothing of the manner in which Professor Todd intends to try to learn

if the other planet is inhabited. I understand from what he said that his efforts will be to catch some sound or sound vibrations with some exceedingly delicate instruments that he will carry. I am simply accompanying him in my capacity of aeronautic pilot."
"From the way the professor explained the car that he is having built for us I gather that its walls are to be of double thicknesses of aluminum with padding between them. There will be windows on all four sides, and a door, of course. It will be made airtight."
"Our oxygen pumps will be no equipped that we can supply ourselves for practically any length of time with air, so that as far as that is concerned we could stay up indefinitely. We also intend to carry instruments that will record our height. This Cookwell and Glazier neglected to do, so that their altitude was guessed at approximately, and has since been disputed by some people."
"Professor Todd and myself will use water as ballast with the aluminum car, so that all we will have to do to lighten it will be to turn a valve and let some of the water go."
"I have been making ascensions ever since I was 9 years old and I have yet to meet with an accident. So absolutely do I feel master of when I can land, almost to the minute, that it is hard for me to understand other people's fear of ballooning."
"Really, it is a royal sport, one of its most exciting and interesting features being the fact that you are more or less dependable upon the air currents for direction. When you make your ascent it is purely a case of you don't know where you're going, but you are on your way. Doesn't it sound glorious?"

She Found Out.

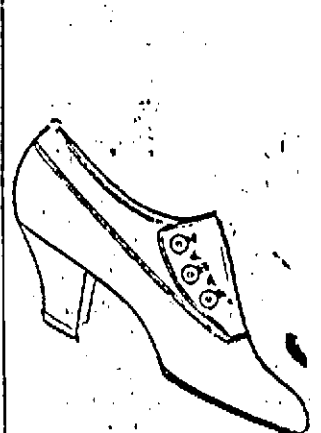

"I thought I'd stop for a minute and inquire the price of tomatoes," she said to the grocer as she sat down her basket.
"Yes—they are three cents apiece."
"What, but isn't that high?"
"Yes, but we must have protection for the American rubber, you know."
"And how much for a washboard, today?"
"Thirteen cents—reduced from fifteen."
"And what makes that, sir?"
"The tariff, ma'am."
"Oh, I see. And how much for 'taters, if you please?"
"They are up to 20 cents a bushel."
"What again, but what makes that?"
"What they call an embargo."
"Oh, course. And what's the price of butter, if not too much trouble?"
"They are down cheaper than ever."
"And it's because—"
"That's free trade."
"Oh, I see. Well, Patrick will be thankful to them great men in Washington when I tell him what you say."
"You understand it do you?"
"As plain as day, sir. The price of fat-tens and washboards has come down to give the poor a chance to live, and the price of tomatoes and 'taters has gone up to give the rich a squeeze, as should be the case. Thanks, sir, and good-day to ye."

Consumption of Tea.

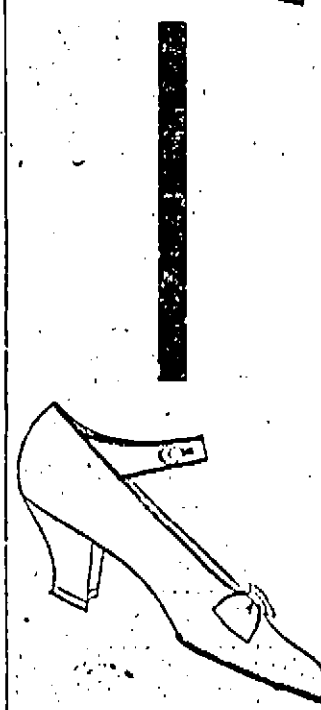

The world's consumption of tea outside of the countries in which it is grown may be taken to be about 200,000,000 pounds per annum, valued at \$55,000,000. About 90 per cent. of the tea exported from Asia is consumed by English-speaking people.

When "Vapors" Were.

In the middle ages hysterical subjects were regarded sometimes as saints, but more often as possessed of devils. It then occurred frequently, later on they were supposed to be affected by "vapors," which gave rise to these various conditions.

Listen To Your Pains.

Aches and Pains Are Nature's Warnings of Trouble Ahead.

Mental and physical sickness are exacted as the breaking down of the loaded coal wagon across the car tracks. The hindered traffic represents the state of mind or body under diseased conditions. Our aches and pains are nature's warning that we have violated the laws of life and health and soon we must pay unless we heed.

Most life can be traced directly or indirectly to the stomach or digestive tract. Eat right and it is to be that you will be rich in health, and health means wealth.

Don't load your stomach with heavy foods such as meats and bread and potatoes in the morning. Try E.C. Corn Flakes or Egg-O-Sens. When flakes with good milk or cream and perhaps a little fresh or stewed fruit. You'll like it—it's good—so crisp and delicious—eaten in the morning.

Children grow stronger and healthy on it. Invalids find it acceptable and nourishing and busy men and women find they can do a day's work without the hindrance of a sour stomach.

Remember it's the wonderful Egg-O-Sens process that makes it so good to eat, and so easy to digest.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to use Lydia E. Pinkham's Vegetable Compound. Then I felt as though my life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Ford, 1034 Lansdowne St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and today is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. Pinkham, Lynn, Mass., for it. She has guided thousands to health, free of charge.

TAX VOTE SET FOR JUNE 10

SENATE AGREES TO ACT ON TARIFF BILL'S INCOME AMENDMENT.

ALDRICH CAUSES THE DELAY

Cummins and Bailey Get Into a Tilt Over Which of Them Has Given Most Support to Rhode Island Senator.

Washington, May 28.—The senate has set June 10 as the day on which a vote shall be taken on the income tax amendments to the tariff bill. The vote on the question of postponement was 60 to 33 which is considered by some as an indication of what the future vote may be.

Continuation of the sugar schedule was continued, but after two amendments to it were voted upon the senate switched off to a discussion of the possibility of getting a vote on the Bailey income tax amendment.

Mr. Bailey presented his argument for a vote in his usual forcible manner, but did not succeed in prevailing upon Senator Aldrich to concede a vote in advance of the tariff schedules. Mr. Aldrich declared that he would not agree to a vote on the income tax in advance of the schedules so long as he was in charge of the bill.

Cummins and Bailey Clash. Mr. Cummins said that the income tax proposition probably could be taken up when the tariff schedules were disposed of, in accordance with Mr. Aldrich's proposition, whereupon Mr. Bailey remarked that "if the senator from Iowa purposes making an alliance on the income tax vote with the senator from Rhode Island, he will find himself wiser afterwards than he was before."

"I have not voted with the senator from Rhode Island as often as has the senator from Texas," sharply retorted Mr. Cummins.

"The senator from Rhode Island has been right twice during this session," responded Mr. Bailey, "and I have voted with him twice. The senator from Iowa cannot make as good a showing."

Two Votes on Sugar.

The two amendments to the sugar schedule on which votes were taken were those eliminating the Dutch standard test from the tariff schedule and lowering the duty on refined sugar from 1.00 cents per pound to 1.25 cents per pound. Both were defeated, the former by a vote of 33 to 47 and the latter by a vote of 32 to 53. On the first vote 11 Republicans voted with the Democrats for the amendment but on the second only five Republicans broke ranks. It was considered somewhat significant that the two Louisiana senators, Messrs. Foster and McEnery, the only senators representing a cane sugar producing state, should have been the only Democrats to vote with the Republicans on the Dutch standard provision and this was made the more significant because of the fact that for the first time the possibility of a sharp conflict between the cane sugar and beet sugar interests was indicated.

Cummins Opposes Dutch Standard.

Mr. Cummins made this the text of a somewhat lengthy and interesting speech. The cane sugar men did not, however, make response to his assertions.

In the main Mr. Cummins advocated the striking out of the Dutch standard test and the provision in the sugar schedule for a differential on refined sugar. This action he thought would restrict the profits of the sugar trust, and thus cause that institution to lose its domination in the sugar trade, while on the other hand the beet sugar makers would be benefited.

House on Porto Rico Affairs.

Porto Rican affairs were again threshed out in the house, the remarks being based on the bill taking from the legislature of the island possession of certain powers now vested in it and providing for other reforms which it is designed to inaugurate in behalf of those people. The measure provoked considerable interest, there being a good sized attendance throughout the session, all of which was devoted to consideration of the bill.

Messrs. Douglas of Ohio, Olmsted of Pennsylvania, and Scott of Kansas advocated the passage of the bill. The action of the Porto Rican assembly in refusing to pass the appropriation bills was characterized by Mr. Douglas as revolutionary. The Porto Ricans had as their champions Messrs. Martin of Colorado, Garrett of Tennessee and Larrinaga, their resident commissioner.

SUMMER COLONY

AT COUNTRY CLUB

NOVEL PROJECT IS BEING DIS-

CUSSED BY GOLF CLUB

MEMBERS.

ARE TO LIVE IN TENTS

Little Village of "White Tops" Is

Talked Of—Golf Season Opens

on Monday Next.

If the plans under discussion are consummated the Shinnepet golf club will have a little colony of tented cottages during the months of June, July and August this year which may later give away to permanent cottages on the beautiful grounds of the club. The plan has been worked out so as to have one large tent at least which will be furnished ready for transient visitors within a week or so where the golf enthusiasts can find sleeping accommodations and take their meals at the club house.

That the matter promises not to rest with the one guest tent and several members are seriously discussing the feasibility of establishing a tented village there for their own convenience and the pleasure and enjoyment of their families. The idea is to have the tents placed near the first hole, a short distance from the club house, adjacent to the little out house, at a nominal cost for the tents, and with extra and interior furnishings it would make an ideal camp.

Meals could be obtained at the club house and only access to the car lines would bring those who came to the city for business, a short trip down. Thus far the plans are only being discussed but it is possible that a little later summer cottages will be planned for making the Janesville club what other city clubs are, summer colonies of the enthusiasts and their families.

The regular golf season opens on Monday next, the official day for the Memorial Day commemoration. However the golf buses start the regular trips on Sunday morning and the regular trips will be served by the club. Mrs. Puhfahl, if ordered, at noon. Many will doubtless avail themselves of the opportunity to begin their season at this time as Willy Symons, the Chicago golf professional, is to be at the grounds.

The official opening will be on Monday when dinner will be served at noon and the first of the ladies' afternoon card series played. There will be the regular club supper at six-thirty in the evening, followed by the first of six dances of the first series in the evening with Carter's orchestra.

Tuesday is to be the regular club day for the summer. The evening supper will be served in the evening followed by the ladies' card games will be held on Thursday afternoon during the summer except the week of July 10, when it will be held on Monday, at which time other special features will be introduced.

The house committee, composed of Mrs. David Holmes, Mrs. A. P. Durham, Mrs. Josephine Treat and Albert Schaller and Stanley Tallman have been successful in having the new porch completed and other changes made in the grounds and club house which is in readiness for the opening. Mrs. Puhfahl has been hired as chef for the season and will serve lunches and meals at all hours in the past.

The new eating porch is fifty-three by sixteen feet, has a large passage-way into the kitchen at the rear, and opens into the club house proper through a large French window. It is screened in and has been painted red to match the rest of the club house and its floor has been oiled and waxed so that it can be used for dancing if desired. Here the club members will be served and private parties can be held if desired, leaving the club rooms proper free for other purposes.

Thus far the house committee has been notified of several private dancing parties that are in contemplation for the coming summer and luncheons that will be served at noon, followed by cards. The first of the latter will be given on Tuesday next when Mrs. David Holmes is to entertain the Two Table Bridge club in honor of Miss Isabel Jackson, who soon leaves for Milwaukee to make her home.

Changes have also been made in the driveway leading up to the club house and it has been widened so that two cars or automobiles can now pass without any crowding. The roof of the club house proper has been red-slanted and later it is understood that a cement walk will be built leading to the locker rooms down stairs.

MORNING BLAZE CALLS THE

DEPARTMENT OUT FOR WORK

Fire at 302 Riverside Street Caused

Department to Lay 1,000 Feet of

Hose Before Extinguished.

Fire which broke out in the home of John Kellor at 302 Riverside street at six-thirty this morning, gave the first department an early morning run and forced them to lay a thousand feet of hose before the flames were extinguished. The fire caught from an overheated flu which was defective and caused some \$250 damage. It burned in the attic and upper portion of the house and looked for a time like a stubborn blaze but prompt work by the department held the loss down to a minimum of \$250. The property is insured.

GRAND ARMY WORSHIP

Driver Crossed Tracks After Danger

Signal Sounded Just Ahead of St.

Paul Passenger Train.

Pedestrian at the Jackson street crossing this morning held their breath while a hack with Alex Warner of Madison in it, and driven by a young boy, made a dash across the tracks just ahead of a south-bound train. The danger signal had sounded and the car was being lowered when the driver of the rig whipped his horses up and as he crossed in front of the oncoming engine he was just grazed. In fact, his wheels tore up a portion of the gates in its mad dash and the team went some distance up Jackson street before being stopped. It was a close shave and might have resulted in a fatality.

Memorial program

AT HOWARD CHAPEL

Services appropriate for Decoration

Day to be held at Howard

Chapel Sunday Af-

ternoon.

Howard chapel observes on Sabbath afternoon, May 30th, by national service, its first Memorial Day, and the entire service will be in happy conformity to that day and occasion.

Supt. C. H. Howard will answer the question, "Why Decoration Day?" for the little school.

Rev. A. C. Jett will be present during the entire service and specially add in the national songs to be sung.

The address at time of preaching service will be given to the occasion. Theme: "The Nation's Greatness."

A special invitation is extended to all to come and worship and thus make the first Memorial Day at Howard chapel one of memory. Bible school at 2:30 p. m.; preaching service at 3:20 p. m.

COMMERCIAL LEAGUE

HAS BENEFIT GAME

Janesville City Team to Play "All Stars" at Fair Grounds on

Decoration Day.

Baseball fans will be given the opportunity of witnessing a fast game of ball on Decoration Day afternoon, Monday, May 31, at the fair grounds between the Janesville city team and the "All Stars." The game has been arranged as a benefit for the Commercial league lately organized in the city which plays its game Saturday afternoon at Dunn's pasture, the fair grounds and the Y. M. C. A. park. The money to be raised Monday will be used to improve the grounds. On Saturday afternoon the second of the regularly scheduled games of the league will be played as follows:

Y. M. C. A. and Gazette at Dunn's pasture.

Wisconsin Carriage Co. and Janesville Machine Co. at fair grounds.

Parley Pen Co. and Lewis Kitting Co. at Y. M. C. A. park.

The public is invited to attend these games, no admission being charged. H. L. McNamara has donated a handsome cup as a trophy for the league to contend for and this will add interest to the games.

The lineup for Monday's game will be as follows:

"Janesville"

Kline 0..... Drummond

MARRIED IN JANESVILLE

AND NOT IN ESCANABA AS

WAS PREVIOUSLY REPORTED

Miss Vera Tracy and Robert Duggs

Both of Janesville, Were United

in Marriage at St. Mary's

Parsonage.

Through an error in understanding

the account of the wedding of Miss

Vera Tracy and Robert Duggs, the

Gazette erroneously announced they

were married in Escanaba, Mich., the

home of the bride. The ceremony was

performed by Rev. W. A. Goebel in

the parsonage at St. Mary's church

on Wednesday evening and the bride

and groom went to Escanaba on their

wedding trip. Mrs. Robert Duggs is

the daughter of Mr. and Mrs. Joseph

Tracy who reside at 527 Pearl street

in this city and not in Escanaba. The

groom is building a new home on

Academy street.

BUSINESS MEN OF Y. M. C. A.

Opening Game.

This afternoon at four o'clock the

business men of the Y. M. C. A. be-

gan their baseball season with a game

played between the two teams of the

association, those of L. Levy and G.

W. Skelly. This game was scheduled

for last Friday, but as full teams for

both sides did not appear, it was

turned into a practice game.

MILTON NINE SHUT

OUT STOUGHTONITES

High School Players Win Third Con-

secutive Game Defeating Op-

ponents 3 to 0.

(Special to the Gazette.)

Milton, May 27.—The local high

school shut out their league opponents

for the third consecutive time Mon-

day afternoon when they defeated

Stoughton by a score of 3 to 0. Mil-

ton played an errorless game and

Miller was master of the situation at

all times, striking out nine men and

allowing but two hits, one a scratch

hit. P. Crandall took the batting

honors by getting three clean strikes,

while Whitte led in base stealing.

One of Stoughton's catchers was dis-

abled by a foul tip and was obliged

to retire from the game. The locals

play Stoughton here next week

Tuesday in a game which will de-

cide who will be the pennant winners

in the interscholastic league. The

score of Monday's game was as fol-

lows:

Milton 0 0 0 1 2 0 0 0 0 3 7 0

Stoughton. 0 0 0 0 0 0 0 0 0 2 4

It is suggested to Milton citizens

the propriety of decorating their

places of business and residences with

the American flag on Wednesday and

Thursday of Commencement week,

June 16-17, in honor of the visit to

our village of Ambassador Thompson,

of the City of Mexico. As the repre-

sentative of this government he is

entitled to this recognition at our

hands. Mr. Thompson arrives here

in his private car, "Arribozola,"

Wednesday, and will be accompanied

from Chicago by other friends of the

college.

The eighth grade graduating exer-

cises occur next Wednesday evening

in the Village hall. The following
